

# LIBERAL POLICY Is Outlined At North Meeting

Continued from Page 1

of the delegates had travelled 100 miles or more to attend. At the opening public rally, Mr. Van Allen, who had journeyed long distances to attend, was the first to speak. He welcomed the delegates and expressed the hope that the meeting would be a success.

The speaker further urged the delegates to support the C.C.F. platform, which was outlined by Mr. Van Allen. He said that the C.C.F. was a party of the people, and that it was the only party that stood for the interests of the common man.

At an active afternoon session, the delegates discussed the C.C.F. platform and the various resolutions that had been adopted. The delegates were divided into groups, and each group discussed a different part of the platform.

The delegates also discussed the C.C.F. campaign strategy, and the various methods that could be used to win the support of the voters. The delegates agreed that the C.C.F. should be a party of the people, and that it should stand for the interests of the common man.

# Wields Big Power With Croations

C.C.F. policy titled a vigorous and active campaign by G. H. Van Allen, who was the first to speak. He welcomed the delegates and expressed the hope that the meeting would be a success.

The speaker further urged the delegates to support the C.C.F. platform, which was outlined by Mr. Van Allen. He said that the C.C.F. was a party of the people, and that it was the only party that stood for the interests of the common man.

# Why at 40 You Think You're "Growing Old"

At about 40, many people think they are "growing old." They find that they have headaches more often, that they are getting tired more easily, and that they are not as energetic as they once were.

The reason for this is not that they are getting old, but that they are not taking care of themselves. They are not getting enough sleep, they are not eating right, and they are not exercising enough.

If you want to feel young and energetic, you must take care of yourself. You must get enough sleep, eat right, and exercise enough. Then you will feel like a young man again.

**Signs Which Often Indicate "Old Stomach"**

Loss of appetite  
Indigestion  
Bloating  
Flatulence  
Constipation  
Acidity  
Heartburn  
Nausea  
Tiredness  
Headaches  
Migraines  
Stomach pain  
Loss of weight  
Loss of energy  
Loss of interest in food  
Loss of interest in life

**What To Do For It**

Take a course of **PHILLIPS' Milk of Magnesia**. It will cleanse the bowels, relieve the stomach, and restore the appetite. It is a natural, safe, and effective remedy for all the signs of an "old stomach."

**PHILLIPS' Milk of Magnesia**

# TEACHER KEEPS BUSY RELIEVING STRIKEN MATES

DRUMHELLER, Nov. 3.—William Walcott of Rocky river, who is the only teacher in the district, is keeping busy relieving his striken mates. He is taking over the classes of the teachers who are on strike, and he is doing a very good job of it.

Mr. Walcott is a very experienced teacher, and he is very popular with the students. He is doing a very good job of keeping the classes in order, and he is doing a very good job of teaching the students.

Mr. Walcott is a very hardworking man, and he is a very dedicated teacher. He is doing a very good job of keeping the classes in order, and he is doing a very good job of teaching the students.

### Call Letters of Taylor-Pearson Radio Station Are Changed

With new call letters allotted by the Canadian Radio Commission, the radio station hitherto known as CFTP will make its first broadcast as from today as CFTN. It will operate on a wavelength of 1200 kilocycles, the same as before. Under the call letters CFTN, this station has recently passed forward to a point where it is recognized as being one of the most popular with radio fans in this section of the province.

It is the decision of the management of Station CFTN to provide its listeners with a program of music and variety to meet the wishes of the majority and with this in mind CFTN has been advised to keep the program for improvement for future reference.

Operating CFTN is G. R. A. Rice, who has been associated with the radio business of radio since 1914. To Mr. Rice goes the distinction of being the first to establish a radio station in this city, which was in 1921. He has been here steadily since that time.

Received Commission. In connection with his training with the military, Mr. Rice has received a commission in the Canadian Army Reserve in this capacity he served in Africa, South America, India, and elsewhere. During the war he was in the front lines and was severely injured by a gas explosion.

Mr. Rice is now in the technical end of the station will be Frank MacKinnon, who is well known in the city for his technical equipment and most efficient radio station in this section of the city.

# LOVE MINISTER ADDRESS CONVENTION AT STETTER

## STETTER, Nov. 3.—At a meeting held here on Monday night, Hon. J. Russell Love, minister of the interior, addressed the annual convention of the U.F.A. which was held during the afternoon.

Mr. Love first dealt with the recent car expenditure and made light of those who made much of it.

Mr. Love conducted his talk with a lot of charts and graphs, length on co-operative marketing, urging the farmers to still further organize to protect their interests.

Mr. Love, federal M.P. for Carleton Place, reviewed the latest estimates of the federal government, spoke with approval of the new marketing act, and the new adjustment and election franchise act, believing that they were a step in the right direction.

The convention passed a motion in support of the social credit scheme on a majority vote.

# ARMY, NAVY PUT ON PROVE ABILITY

## “Invasion” of Naval Bases On English Channel Attempted By Fleet Coming From France

London, Nov. 3.—Joint maneuvers by the Royal Navy and the Royal Air Force were launched on Friday as the defense forces tested their means to repulse an invasion.

Seas in the North Sea were large, but the fleet consisted of three battleships, five cruisers, 16 destroyers, six submarines and an aircraft carrier with six flying squadrons aboard.

The fleet will attempt to pass through the English channel and land planes of the Royal Air Force's interior and coastal divisions.

Defence of the homeland against the “invasion” has been entrusted to 25 aviation units—re-espans and land planes of the Royal Air Force's interior and coastal divisions.

## Of Civic Report

To the Aldermen and Citizens of the  
City of Edmonton  
**Report of City Commissioners**

EDMONTON, Alta.,  
October 29, 1934.

To the:-  
ALDERMEN AND CITIZENS OF

10½ mills whilst the other items referred to made up the difference of 3½ mills or in all 14 mills over the mill rate of 50 mills for last

**THE CITY OF EDMONTON.**

After nearly five years of unparalleled depression it is scarcely to be expected that the city's tax base will become less difficult than under more normal circumstances.

It seems to be one of the ironies of the depression that the city's revenue from taxation has shown a decided tendency to shrink with fewer able to meet their direct obligations, while the expenditures directly attributable to the peculiar exigencies of the times have to be met and financed in one way or another.

**TAX COLLECTIONS.**

In 1933 the percentage of Tax Collection Currents and Arrears was 90.57 and so far as may be gauged at present it is anticipated that the percentage of collections of taxes for the year will be equally as favorable.

For the nine months period the percentage of this amount to \$2,329,679 as compared with \$2,528,185 for the corresponding period of last year. It is obvious that the present collection of taxes is inconsistent with

The larger cone of population growth has not been met by an increase in experience and it is becoming increasingly evident that so far as the future of the country is concerned the limit has been reached. The only way of increasing the size of the country is by lessening of that burden is overpopulation. This refers especially to such areas as the Federal Government, the State of Texas, the Legislature, Education and Unemployment.

For example the per capita cost of social services (inclusive of housing, health, education, and welfare) in 1962 was \$8.62; in 1963 to \$9.72; in 1964 to \$10.72, while in 1965 it was \$4,190 per capita. General and Local Income taxes in 1965 were \$22.38 while education was equivalent to \$18.65 per capita.

So-called balanced budgets and reduction of expenditures are the dominant course must be had to the destruction of medium of temporary borrowing. Since 1922 this phase of the situation has been the dominant factor. Increased amount of tax arrears out of the pockets of each such individual has increased financial year.

**TAX ARREARS**

Tax arrears per Tax Return for 1964-65 last amounted to \$10,100.97. The total amount of tax arrears for 1964-65 last time will have reached a total of at least two and a half million dollars. This yearly accumulation of tax arrears is one of the major problems of the administration.

In looking for some measure of the extent of the constitutional suggestion which occurs, it is appealing to Provincial authorities but the suggestion is not necessarily possibly not in any happier circumstance it is at once apparent that the remedy is not likely to be extended to the Federal Government. Hence the importance of an early and complete survey of the Dominion under the auspices of the Dominion Government in association with the Dominion Government of Canada in regard to the whole question of the incidence of taxation and of legal duties affecting real property. Such a survey on a Dominion wide basis would appear to be a logical outcome of the present day conditions if serious

Utilities for the current year is \$1,000,000.00.

It is noteworthy that the aggregate net surplus produced by the compensated Utilities Unit and their subsidiaries after providing for debture and depreciation charges now stands at \$6,562,132.27 and their net assets at the end of this year will not be far short of \$10,000,000.00.

The net Funded Debture Debt outstanding against these Utilities is \$1,000,000.00.

The highly satisfactory reports of the various Utility Departments regarding the progress of their management of the individual Superintendents are as follows:

A summary of the Utilities Review is as follows:

Gas	Gas Sales Net
Water	Water Sales Net
Service Tax (Contributed by Customers)	

**ENGINEER'S DEPARTMENT**  
**A. W. Hadow, City Engineer**

**MAINTENANCE AND OPERATION**

Our normal services under the above heading and provided for by the City Engineer's Department, kept to a minimum, with the "3-day week" basis continued throughout the year. The City Engineer's Department have again been extensive-

lines months period follows. The increase in the number of customers and services all of which show a marked increase in the past year. The production of Power has also advanced very substantially. The commissioners desire to report that the death of the former Superintendent of the City's Power Plant has been a great loss to the city. Mr. Cunningham, not only one of Mr. Cunningham's services of inestimable value, but his passing removable.

created by the sum of \$97,000.00, and we have a credit balance in our Capital Account of \$61,960.00.

### REVENUE AND

The Department will continue to improve its services and includes bathing facilities for single men, disinfestation or washing of their clothing, the collection of refuse, and the removal of stock, of contaminated household goods, for the Health Department and sterilization of this material.

**CIVIC UTILITIES**

Reports of the respective Superintendents of the Utility Department are as follows:

**ELECTRIC LIGHT AND POWER DEPARTMENT**

The Gross Revenue has increased from \$973,258.89 to \$669,233.96 for the nine months of 1934 over the corresponding period of 1933, and the increase in the total percentage increase will be greater throughout the remainder of the year.

Expenditure has increased by \$13,069.78, most of this amount has been used for power purchased from the State of New York since last year.

Interest on bonds and other debt has increased by \$1,000,000. The Capital Charges have been reduced through the redemption of debentures for \$2,000,000.

**FINANCIAL**

The financial position of the Department is good and collections are a little better than last year as cash collected by the Treasury Department for this Department is \$14,879.82 in excess of the amounts for the same period last year.

**STREET LIGHTING**

The street lighting system has been increased by eight (8) lamps, although it was agreed at the first of the year that no extensions would be made.

**SUMMARY**

In viewing the situation it is noted that sales of tires are increasing in all classes of service, for example Domestic tires increase 35 per cent annually. It is also shown that when customers in general return to normal, we will have a very large increase in the demand for tires. This will precipitate the rebuilding and

few years has been carried on in renewal of ties, poles, rail crossings, etc. rebuilding of bridges, etc. The new 100-ton rail with 80-ft. T rail was completed on 111th Avenue from 80th Street to 100th Street.

Construction of new open track on 134th Street from 105th Avenue to 107th Avenue and the installation of new open track on 105th Avenue from 124th Street to 126th Street crossing at 106th Avenue and 124th Street completes a very necessary program of rebuilding and will eliminate delays in the service of

menting to our existing 1914 plant to take care of the increased demand.

**POWER PLANT AND PUMPING AND FILTRATION PLANT**

Meeting Superintendent, A. Ritchie  
Nine Months Period Ending 30th September, 1934

Reviewing the nine month operations of the Power Plant, it is interesting to note from the following table that, during the month of March, an upward movement in demand for electric energy began to appear.

**TELEPHONE DEPARTMENT**  
**R. Christie, Superintendent**

We would like to draw to your attention that the Capital Liability for the Telephone Department and Sinking Fund Investment, have

ing consideration for unearned Capital Account, amounted to \$11,020,736.00. The amount of the connection is \$1,024,073.96, and deducted from this is the amount in arrears to the Sinking Fund Board of \$12,907.65.

We would like to draw to your attention the fact that Baylaw No. 12 was dated July 1st, 1961, and 3207.65 was paid on July 1st, 1961.

Fifteen months ago we put into operation the monthly billing and collection system as against the old annual billing system. This monthly arrangement was

the extent of showing a decrease in the coal consumption of 109 tons after generating 188,400 gross kWh. The cost per K.W.H. sent out (excluding reserve) was .756¢ compared to .76¢ per K.W.H. in 1960 and .76¢ of .69¢ per K.W.H. While the demand for electric energy increased during the nine months, the demand for steam water from the pumping and filtration plant declined. The decrease at the end of the period was not as great as at the end of the same months a year ago.

The total cost per million gallons was \$61.55 as against \$57.60 in 1933.

When making a study of the combined financial statement of the Department and the Board of Health, it should be noted that the average drive is not only caused by the fact that the Department has to reduce rate charged Waterworks Department and put into effect on January 1st, 1934—i.e., from \$60.00 to \$56.00 per million gallons. The total revenue of the Department was \$606,237.10 as against \$582,246.00 in 1933.

At the same time, the nine months report would have had to have their telephone removed. The majority of our subscribers find it much easier to pay \$1.00 per month as against \$7.50 quarterly. Practically everyone since this monthly system was introduced has been able to pay. There has been on the increase and at the present time we have 317 more telephones in service than for the corresponding month of September we had a net gain of 148 telephones, the largest net gain in any month since 1932. This augurs all for the future of the telephone at the present time.

The surplus on the operating department (including power and water) was \$424,385 as compared with \$105,275 for 1962. The Department also had a decrease—\$387,213 in its investment—\$214,876.05, a decrease of \$172,336.95. On this amount, there was \$133,000.00 in funds set aside to Reserve and All Capital Charges, including new plant and equipment, so that the net decrease is \$197,336.95.

The total surplus on the operating department (including power and water) was \$424,385 as compared with \$105,275 for 1962.

The Department also had a decrease—\$387,213 in its investment—\$214,876.05, a decrease of \$172,336.95. On this amount, there was \$133,000.00 in funds set aside to Reserve and All Capital Charges, including new plant and equipment, so that the net decrease is \$197,336.95.

The Department has been held down to a minimum and necessary capital work was under way. The expenditure for the year totaled \$1,087,711.89, the net figure amounted to \$89,771.71.

**WATERS DEPARTMENT**

**R. J. Gibbs, Supervisor**

The Waters Department has carried through a small program of 3.0% rate increase on the Capital Account. Capital

This surplus, \$24,000.00 was set aside to Reserve Funds and \$218,553.50 paid into City General Revenue for the same amount. The \$193,553.50 was set aside to Reserve and \$184,275.00 paid into City General Revenue.

Meats .....	\$ 2,222.60
Services .....	4,879.64
Meter .....	1,913.77
Fire Hydrants .....	94.30
Total .....	\$10,040.33

There is still a continued drop in the number of new house connections and 1954 is the lowest since the war in this regard.

On the other hand, expenditures for replacement of obsolete wood and steel gas lines have continued to rise for some years.

It will be noted there is a considerable falling off in the revenue from the sale of tickets for the first 100 days of the season. The first 100 days brought in only \$454,074.00, a reduction of \$1,401,260 for the same months in 1961. This loss in revenue is mainly due to the introduction of the 20-cent book of tickets which reduced the price of the regular ticket to 50 cents for the last year.

The total operating and maintenance expenditure was \$365,447.83 compared with \$337,299.92 in 1961. The operating and maintenance expenditure was \$26,379.91 less than in 1961.

As we are to keep the system on a fair start stand, \$524,138.00 of the first 100 days of the season have been released to date for 1962 and the work is still in progress for the remainder of the season. The obsolete mains are also being replaced.

We are also continuing renewal of the wooden cable boxes which are sometimes interfering with the operation of the system at critical times. This is the second season that the wooden cable boxes have been replaced and the work is practically complete as far as three

While total expenditure including Capital Charge and Renewals was £1,000,000 in 1959, a reduction of £2,000,000 was achieved in 1960. The total cost of the training programme in 1960 was £1,000,000 against a surplus of £2,000,000 for the same period in 1959. The surplus was due to the training programme being completed in 1959 and the programme of 1960 being completed in 1960. The surplus was also due to the fact that the programme was completed in 1959 and the programme of 1960 being completed in 1960. The surplus was also due to the fact that the programme was completed in 1959 and the programme of 1960 being completed in 1960.

On August 11, 1981, the 14th Avenue and 56th Street was re-laid. The new 14th Avenue section of the present double track, 10-ft-6-in. standard girdle rail from 14th Avenue and 56th Street to 60th Street, is a 10-ft-6-in. standard main line in the north end of the City and is used by all main line passenger trains returning to Car Barn.

In comparison with the lost revenue, however, we show a very large savings in the cost of the passengers carried. The total cost of the September is \$760,000.

Fire hydrants are being replaced and numbered with a view to a more rigid system of routine inspection.

A small crew of unemployed men have been engaged up old houses, mainly which are suitable for use as dwellings.

There has been no reduction in Capital Charges as with the other Utility Departments, but maintenance has been cut down, and as a result of this, and of a large reduction in the amount of new work, the rate has been forced to show substantial savings.

ed during the nine months was 56,061 compared with 1,775,466

# Leadership Failure in the Money Market

## Nations Agghast Over Utter Lack of Solving Voe

(Continued from Page 1)

by one of the largest minorities ever cast against a presidential office seeker, a majority that included many of the jobless citizens whose future appeared all the more dark and dreary because there were no poorhouses to go to.

**THE ROOSEVELT PROMISE**

The tragic fate of Hoover, the man who had been the symbol of the nation's financial strength, was sealed by the utter lack of leadership in the money market. The Roosevelt promise, which had been the cornerstone of the nation's financial policy, was shattered by the utter lack of leadership in the money market.

Hoover, who had been the symbol of the nation's financial strength, was sealed by the utter lack of leadership in the money market. The Roosevelt promise, which had been the cornerstone of the nation's financial policy, was shattered by the utter lack of leadership in the money market.

due the public to accept direct taxation and thereby avoid the economic and political catastrophe that would result from a failure to do so.

**QUESTION OF INFLATION**

Bankers, financiers and other holders of economic and political power have been unable to solve the problem of inflation. A failure to do so would result in a financial catastrophe that would be the end of the world as we know it.

The Roosevelt promise, which had been the cornerstone of the nation's financial policy, was shattered by the utter lack of leadership in the money market.

latter to the question: Who was to be the leader? The answer was not available. And a clear indication that the establishment of a national banking system under non-interference by public credit was being without credit to the money market is the first step that must be taken in the reorganization of the money market.

**THE COMPLETE FAILURE OF THE BANKING SYSTEM**

The complete failure of the banking system is the result of the utter lack of leadership in the money market. The Roosevelt promise, which had been the cornerstone of the nation's financial policy, was shattered by the utter lack of leadership in the money market.

**Dundon's Day Company**  
INCORPORATED MAY 1924  
The Store That Serves You Best!  
Store Hours: 9 A.M. to 6 P.M. Telephone 27141  
ON SALE MONDAY

Plain and fancy broadcloths, generous well-cut and excellent value. Sizes 13 to 17. Each 89¢.

**MORE JOBS CRAVING**

Certainly it is not because there are not more jobs craving to be created into action than there are people available to fill them, for if every power, utility, corporation, city, county, state and the national government, were to create jobs, the unemployment problem would be solved.

**MONETIZATION OF CREDIT**

Domination by the elements of the money market, the governments of the United States and the nations of the British Empire, have been the cause of the unemployment problem. The Roosevelt promise, which had been the cornerstone of the nation's financial policy, was shattered by the utter lack of leadership in the money market.

**USE ALL WORKERS**

This plan involved not only the use of all available workers, but also the use of all available resources. The Roosevelt promise, which had been the cornerstone of the nation's financial policy, was shattered by the utter lack of leadership in the money market.

**PARADOXICAL SITUATION**

The paradoxical nature of the situation is that the very people who are the cause of the unemployment problem are the ones who are the most in need of jobs. The Roosevelt promise, which had been the cornerstone of the nation's financial policy, was shattered by the utter lack of leadership in the money market.

**GERMAN INFLATION**

The German inflation problem is a result of the utter lack of leadership in the money market. The Roosevelt promise, which had been the cornerstone of the nation's financial policy, was shattered by the utter lack of leadership in the money market.

**TWO CONTROLLABLE**

The first two of these factors are controllable by the government. The Roosevelt promise, which had been the cornerstone of the nation's financial policy, was shattered by the utter lack of leadership in the money market.

**USE ALL WORKERS**

This plan involved not only the use of all available workers, but also the use of all available resources. The Roosevelt promise, which had been the cornerstone of the nation's financial policy, was shattered by the utter lack of leadership in the money market.

**FACTORS OF DISRUPTION**

During this depression we have learned that the money market is the cause of the unemployment problem. The Roosevelt promise, which had been the cornerstone of the nation's financial policy, was shattered by the utter lack of leadership in the money market.

**TWO CONTROLLABLE**

The first two of these factors are controllable by the government. The Roosevelt promise, which had been the cornerstone of the nation's financial policy, was shattered by the utter lack of leadership in the money market.

**USE ALL WORKERS**

This plan involved not only the use of all available workers, but also the use of all available resources. The Roosevelt promise, which had been the cornerstone of the nation's financial policy, was shattered by the utter lack of leadership in the money market.

# WHEAT PRICES DECLINE HALF CENT AT 'PEG'

WINNIPEG, Nov. 3.—Rolling out of the ordinary developed on the Winnipeg Grain Exchange today, as a typical dull day's trading resulted in a decline of half a cent in the price of the main crop of wheat. At the opening when prices advanced slightly, support followed out of the market, and values entered a slow decline. The fall prices at or near the minimum price levels established Thursday when December wheat was pegged at 75 cents and May at 80 cents.

## PAIS PANS

By JACK DEARIN  
(Pitch-hitting for Bill Kitch)

Calgary's hockey fraternity was the recipient of glad tidings yesterday, when the Exhibition Ground announced their intentions of offering \$8000 for repairs to renovate the public-enclosed arena, and now, Calgary Tigers under the operation of the syndicate, will have a franchise in the Northwest Professional Hockey League. This development practically assures both Calgary and Edmonton of again having an entry in the pro league, which it is expected will be composed of at least seven teams.

Following the decision from the football club, the "Iron Duke of Keats" comes through with the hope that Edmonton Eskimos will be in the league. . . . It's great news for the local fraternity and the Duke is jubilant over the prospects of a fast and youthful band of pucksters representing the Edmonton entry.

Louis Holmes, star pivot man with the team last year, the only player to remain on the Edmonton lineup as a result of Kitch's decision, big defence player, and Earl Robertson, star goalie being promoted to major league ranks. . . . Art Gagne and Ty Arthur, veterans of the old Eskimo squad, will also be back in the lineup this season. . . . Both Gagne and Arthur played a prominent part in Edmonton's triumph last year when they were making room for younger players to carry the Eskimo banner in this season's campaign.

News on the Edmonton baseball team is to be brought up later in the near future and far more news of the winter pastime it can be "breake" for some.

Edmonton, hoisted for a large amount of hockey fever for the major league again for the better of the prairie ball, where their amateur careers were spent, following the announcement of the Caville brothers, Neil and Ben, going to New York, where they will play for an amateur team in the big city. . . . The departure of the Cavilles comes as a big setback to amateur hockey here for they were the finest pair of pucksters produced on the ice in this city.

No small amount of excitement still exists for Edmonton citizens following the announcement of the season and junior teams to be played. . . . Kitchman in the past few years has been doing splendidly, since his triumph over the Calgary Bulls for the Dan Cup, and the announcement of the Caville brothers, Neil and Ben, going to New York, where they will play for an amateur team in the big city. . . . The departure of the Cavilles comes as a big setback to amateur hockey here for they were the finest pair of pucksters produced on the ice in this city.

## Third Round Foul Loses Main Event For Battling Sig

Johnny Blocklinger, George Scott Score Triumphs in Two Fast Preliminaries—Collier and Wells Draw

By JACK DEARIN  
Featuring on Mike "Kip" Kaplan's professional boxing program at the New Empire Theatre last night, Battling Sig Tracey and Sailor Goodland battled to a 12-round draw in the main event, which was supported by three good preliminaries in which two triumphs and one draw were registered.

A steady up-hill battle, lost in the third round by a foul which forced him to concede that round to Goodland, was the courageous fight Battling Tracey waged in the main go against the clever-fighting Goodland. Tracey rallied strongly in the last few rounds, wiping out the point lead Goodland had gathered early in the bout, ending the bout in a draw, but still, punching heavily.

## FLIERS-SHARKS HOOP VICTORS

Another pair of interesting hoop battles were presented in the main event of the basketball season at the Sun-dance pavilion, last night when the Fliers defeated Sharks 34-22 in the final battle of the season while the South Side Sharks scored an easy 40 victory over the Cubs.

Lincoln, who scored 15 points, was the star of the Fliers' victory. He was assisted by John Wells, who scored 12 points. The Sharks' best player was John Wells, who scored 12 points. The Cubs' best player was John Wells, who scored 12 points.

## GERARD MAKES CHANGE IN EAGLES

ST. LOUIS, Mo., Nov. 3.—After today's St. Louis Eagles of the National Hockey League returned to the training camp yesterday with Coach Eddie Gerard trying out a new formation.

The defense side, Mickey Blake and Jack Klutznick, were moved forward to work with "Red" Coward.

The shift gave Gerard four forward lines and left him with two defense lines.

The work of Coach Gerard, who was especially pleased with Gerard, who did the job very well, appeared considerably improved over last year.

That all put on a good performance. . . . Mike now supplies the information that on November 11 his popular young batter, Eddie Versteil will be pushing forward in the main event of this show and his opponent who I will not name, will be the prizefighter who scored a knockout triumph over Joe Savoldi, the same Joe who was knocked down by his opponent, only recently.

## Experts Like Him

"Flash" Hollett—Hockey experts are calling this 22-year-old 144-pound defence man a new star. After seeing his work at Toronto Maple Leafs' training camp. He is the most sensational find in the game. An erstwhile pro, Hollett decided to pick up some spare cash in the "off" season by playing hockey and now he looks headed for stardom in the ice game. Last year he played for Ottawa, but this season the Leafs aren't letting anyone borrow the "Flash."

Former St. Mike Forward Line Will Get Chance With Toronto's Fast-Skating Pucksters.

This is another of a Canadian Press series on National Hockey League teams, preparing for the opening of the 1934-35 season.

TORONTO, Nov. 3.—Out of the junior hockey but that has supplied him with a forward line destined to be the Toronto Maple Leafs' first line. Hollett, fast-talking but not so fast on the ice, Hollett is not so fast on the ice as he is in the ring. Hollett is not so fast on the ice as he is in the ring.

Impressive Kids  
Because Smythe is just about another of the best players in the game, duplicating his performance in the last few years when he signed Charlie Conacher, Harvey Jackson and Red Horner from the Toronto Marlboros.

SCOTT TRIUMPHS  
George Scott of Viktor, weighing 144 pounds, punched his way to a place in the World's Heavyweight Championship.

Wells, the cleverer of the two, gave a pleasing performance with his fast and shifty boxing, but in Collier he found a stubborn opponent. Collier, a former light heavyweight, lay down and he later came back strongly to win the end of the bout to square the record.

Masked Marvel In Main Event  
On the semi-weekly to Premier Mike Cutler's all midweek wrestling card to be held November 11 at the Empire Theatre is Gil, Collier, popular Edmonton wrestler and the rough, muscular Tarzan of California.

Winder Bulldogs Have Stiff Drill  
WINDSOR, Nov. 3.—Calisthenics on skates is part of the menu at the Windsor Bulldogs' training camp these days and the task of trying to keep balanced while bending and stretching on blades is giving a good sweat, producer.

## AMERICANS HOLD BISONS TO DRAW

OSHAWA, Ont., Nov. 3.—New York Americans of the National Hockey League last night pulled 80 minutes with Buffalo Bisons of the International circuit in an exhibition game that only earned the major league squad a 2-2 draw. Only three penalties occurred during the clash of the major and minor league teams.

Will Tauber handled the drive in the Blues net with Roy Worters holding the fort at the other end of the rink. Worters' brilliant work was a feature of the 40-minute session.

Face, Collins, O'Connor, McGinnis, Ramsey, Nadriloff, Campbell, Dippy, Ferguson, Dalton, Walker, Cuddy, Mochulski, Chase, Macdonald, Browning, Weinstein, McKinnis, Worwick, Chapple, Dickie, Pickett, Malinichuk.

Garnau will know by this evening whether or not they will be able to represent Northern and Central Alberta and further high school football players. They are scheduled to meet Waterloo High School on the Varsity gridiron at two bells this afternoon.

Because of the hantam frost, being staged at Victoria, Technicians and Victoria had to call off their exhibition soccer game. The Technical field was unusable for the game and the other field was occupied. The tussle will be played Wednesday after four.

Garnau's student union will play hosts to the visiting Waterloo football squad at a dance tonight. All students of the school will be in attendance and it should turn out to be a while of a night for players and fans.

## Eaton's Favor World-Wide Radio Bands

Carrying a full line of world-wide radio, pioneering in the formation of a "World-Wide" radio band club, the T. Eaton Company, Ltd. radio and music department stands forth as unexcelled in its line in the entire Dominion. On the second floor of the Eaton store, the radio and music department is a wonderland of music. It is a musical paradise with every model of the latest of five outstanding radio manufacturers backed up by a wide variety of selection of gramophone records and accessories.

ed by the company as the most prominent and outstanding, namely, Stewart-Warner, Sparton, Victor, Stromberg-Carlson and Rogers. "It pays to buy your radio at Eaton's" is a slogan that has become nationally known and a visit to this department will convince even the most skeptical of the persuasive force of the argument. In this city and surrounding district who will simply testify from their own experience that "it pays to buy your radio at Eaton's."

idea and bids fair to go over in a big way. In connection with the grand fall display of radio, the T. Eaton Company, Ltd. has arranged for a sensational two-window showing of the latest models from Saturday until next Thursday. Here at the Eaton store, may be seen a few of the more outstanding models, which with their complement within, make up the fine series that comprise the department. These radios, drawn from five manufacturers which the company, as one official put it, "represent the greatest per dollar value and the maximum attraction to the public."

In connection with the department there is one of the finest and best equipped service branches in the city. The management aims to cater to all requirements—the needs of the farmer as well as the rural center. Here in this branch may be found all necessities such as batteries, tubes and others. Working in connection with the radio branch is a fully equipped electrical department and an extensive sheet music department. It is a matter of pride with the T. Eaton Company, Ltd. that it has just completed installation of the

latest type of world-wide radio aerial on the roof of the store. This will give the best possible world-wide reception. The "Eaton's World Explorers' Club" is offering as a prize one of the latest and finest 1933 model radios, a 12 tube, three-speaker complete model and awarding many other prizes. There will be a prize each week to the club member who brings in the greatest mileage each week. The rules of the "Explorers' Club" are simple. The club is being formed to promote profitable interest in long distance radio reception. Members or prospective members are required only to register as a member at Eaton's radio department, second floor annex.

Members will be given sets of postal cards with which to communicate with the regular stations in Australia, England, Italy or wherever the program may come from. If included in the list of stations published elsewhere in this two-page spread of radio, this sending station should mail marked "verified" cards to the station established radio custom. These cards, when properly verified by

the sending station, establish evidence of reception. These verification cards must be turned into the radio department and the greatest number of each one card from each station counting—received between Nov. 3 and Feb. 16 wins the grand prize. As a second prize there will be given a voucher for \$35 in merchandise as a third prize a voucher for \$25 in merchandise, as a fourth prize a voucher for \$10 in merchandise and fifth to fifth prizes will be six vouchers for \$5 each in merchandise.

In addition a weekly prize will be given for the total mileage from Edmonton on cards turned in, dating each week as from December first, for six weeks, which allows ample time for verification cards to be returned from the sending stations. Prizes will consist of valuable household electrical appliances. Only one card from each station counting in either weekly or mail competition. Judges in both the main and first advertising manager. The weekly competitions will be if F. H. Hildebrandt will send you your set will glad to arrange all the details for you. It costs you nothing to register.

## FARMER CALLED BY LURE OF SEA

BIMBY, Nov. 3.—Memories of old hunting off Ketchikan and of fishing in Alaskan waters that was fishing, have finally lured one of Rimby's dry land farmers back to his first love, the sea. On Saturday H. L. Pepper sold all his farm implements and household effects in preparation of his departure for Seattle, where he will re-launch his halibut schooner, "Hazy Bay," and under her own power guide her back to home. Mrs. Pepper will accompany her husband to the United States where

parents, going north to join Mr. Pepper in the spring. A farewell dinner party was held Saturday evening at the home of Mr. and Mrs. Albert Wright in honor of Mr. and Mrs. Pepper. Those present included Mr. and Mrs. H. L. Pepper, Mr. J. E. Pepper, Miss Margaret Hill of Guelph, Ont., Mr. and Mrs. W. A. Cotton, Mr. and Mrs. J. N. C. Pyper, Mr. and Mrs. S. Stiles, Miss Jean Hayden, Bentley, Miss H. MacMillan, Mr. Thomas Marshall, Mr. Thomas Wright and Mr. and Mrs. Albert Wright.

## Strip Coal Mine Boon To Farmers

GADSBY, Nov. 3.—The strip mine, a mile north of town, which is being operated as a relief project, is a scene of great activity. On one day last week, approximately 100 wagons were loaded with coal. The coal lies from eight to twelve feet below the surface of the ground and farmers were paid on a relief basis for shipping the earth down in the load. Any farmer in the municipality is allowed to take up to ten tons of coal at the rate of 3 cents per ton. On account of almost a hundred wagons being loaded, the strip mine is proving a great boon to farmers in the municipality, and a continuous stream of vehicles is moving to and from the mine each day. Any farmer took the opportunity to call their herds and quite a number of the cattle were very poor. Many, however, were forced by lack of feed to sacrifice a one time cattle. A catfish of potatoes was also unloaded today by the Waverly municipality.

## Government Buys Stettler Stock

STETTLER, Nov. 3.—Eleven cars of stock were shipped to Edmonton from here today to F. M. Goodwin, local stock buyer, who is acting in charge of government stock buying in this district. These cattle were bought under the drought area relief plan, by which the provincial government is buying in stock for which there is no feed. From 75 to 125 per hundred was paid for the cattle. Many farmers took the opportunity to call their herds and quite a number of the cattle were very poor. Many, however, were forced by lack of feed to sacrifice a one time cattle. A catfish of potatoes was also unloaded today by the Waverly municipality.

**T. EATON CO. LIMITED**  
EDMONTON CANADA

## FIRST PRIZE

**This Beautiful  
SPARTON TRIOLIAN**

**Listed at \$259.00**

**Register Now! It Costs You Nothing!**

The judges in both the main competition and in the weekly competitions will be H. E. Bird, Advertising Manager, The Bulletin, and Geo. B. Cooper, Advertising Manager, The Journal. The judges' decisions are final. The weekly competitions close each Saturday at 5:30 p.m., and all cards are to be turned into the Radio Department prior to that time. The Main Competition closes at 5:30 p.m. February, Sixteenth, 1935. Your radio should be in first class working condition—tubes full strength, aerial and ground properly installed—if you wish to enjoy world-wide reception. Go out after the foreign and domestic "DX" stations—the more acknowledgements you get, the greater your chances of being awarded this magnificent Triolian. Bring your radio problems to our service department.

**"IT PAYS TO BUY YOUR RADIO AT EATON'S"**

## A Famous Kayser

### Hosiery at EATON'S

Ask for these delightful stockings in either of these textures:

NUMBER 236X—A two-thread, extra-sheer dot chiffon, real silk from the toe to the picot top.

NUMBER 241X—A three thread, medium sheer, dot chiffon, real silk all the way.

Both textures are in the pick of the season's shades—suitable in tone for any costume. All sizes, of course.

**\$1.00 pair**

—Hosiery Section, Second Floor, Phone 9-1-2-4-2

### Super Botany All-Wool Stockings

Fine botany wool hose—imported right from England. Women who make a point of being comfortable are going to like the much heavier texture. Women who insist on looking well dressed are going to appreciate the full fashioning, and the smart colors. Sizes 9½ to 10½.

PAIR **\$1.25**

—Hosiery Section, Second Floor, Phone 9-1-2-4-2

**59c**

### Work Socks

Men's hefty wool work socks in the 3-in-1 ribbing. White heels, toes and toes. Grey only. All sizes.

BASEMENT BARGAIN SECTION. PAIR **15c**

### Real Silk Stockings

What matter that these stockings, in this rich service weight, are rated SUBSTANTIALS? They're going to wear well, and they offer a goodly choice of seasonal shades. Sizes 8½ to 10 in the group.

BASEMENT BARGAIN SECTION.

Women's Bloomers

Cotton knit bloomers—a fine ribbing of creamy cotton yarns. Fresh, stretchy elastic at the waist and knees. Small, medium and large sizes.

BASEMENT BARGAIN SECTION.

PAIR **39c**

### House Frocks and Hoover Aprons

Dresses of a good quality cotton print, and Hoover uniforms of the same easy-to-laundry, color-bright materials. Short sleeved styles, mostly. Sizes 36 to 44. BASEMENT BARGAIN SECTION.

**49c**

### Rayon Lingerie

Rayon vests and bloomers of first quality. They're pastel tinted, and in small, medium and large sizes. BASEMENT BARGAIN SECTION. GARMENT.

**39c**
